<sup>1</sup> Please notify the author of additions or corrections to this list ([dkeil@calpoly.edu](mailto:dkeil@calpoly.edu)).

- ☼ — See **Wildflowers of San Luis Obispo, California**, second edition (2018) for photograph. Most are illustrated in the first edition as well; old names for some species in square brackets.
- v — documented by one or more specimens (Consortium of California Herbaria record; specimen in OBI; or collection that has not yet been accessioned)
- o — observed during field survey; no voucher specimen known
- st = documented by placeholder voucher specimen in sterile condition
- ? — tentative determination, pending collection of determinable specimen or examination of voucher; or collection site possibly not in Morro Bay State Park
- n — California native
- i — exotic species, introduced to California, naturalized or waif.
- Rare** — California Rare Plant Rank
